Subject: Sorry Letter.

Dear Shells

I don't know why you threatened me, posting stuff on Myspace about me, tried ruining my life, and bringing up the past, I know I have done illegal things and I don't do it anymore, as for the forums you visiting, yes I am syncorion and the police already know that as I had that name when I did fraud which you already know about because you went and got information off my mum.

Here is the thing..

I never did anything to hurt you, I was friends with Melissa, we never had sex in your bed or in your house, I haven't even had sex ever before in my life, she broke up with you and we didn't go out till like 1 or 2 weeks after, she liked me but we didn't go out.

I am broken up with her now, and have been for a while because I couldn't take the stress of you attacking me, parents attacking me, and just life in general.

I am sorry for any stress I have caused on you with the break up, but there is no need for you to attack me and post my full name and say I'm a Gay male etc..

I never changed my named from Amelia to Alisha because of you, it was because I didn't like the name Amelia.

I really hope you have a happy future ahead of you, and you get another GF that loves you forever and always, I also hope everything goes well with the sale with Sorbs.

God Bless

Alisha
